Assignment #5 Marking Scheme

NOTE: This is a general marking scheme. Additional marks may be deducted for unanticipated issues with your submission.

Team Name:

Student Name:

Lab Attendance [/4]

- This is an individual mark for each member of the group

Documentation and Submission [/11]

- Clear directions on how to run the prototype.
- All necessary files are included.
- Clear, concise description of design changes
- Followed submission instructions

Prototype [/25]

- Software prototype is complete – contains all major screens and appropriate navigation for the scenarios
- Prototype is a higher fidelity than the paper prototype
- Prototype supports all group's scenarios
- Prototype conveys design concept effectively

Usability [/20]

- Design has improved since the last prototype, and previous suggestions to improve the design were implemented (within reason – they can be ignored if they conflict with each other or would take excessive time)
- Prototype follows design principles discussed in class
- System is usable, based on the principles discussed in lecture

Total [/ 60]
